

# MERCO TAPE – TECHNICAL DATA SHEET

## Merco M187 series Blue Painters' Masking Tape 21-Day Clean Release

**Merco's M187 Blue Painter's Masking Tape** is an **American made** high performance painter's masking tape. Its blue, fine crepe paper features a specially formulated pressure-sensitive acrylic adhesive designed for exposure to sunlight up to twenty-one days. **Merco M187** exhibits easy, clean removal from most surfaces, offers excellent conformability and features a smooth backing for superior paint lines. **Merco M187** offers consistent, easy unwind, secure adhesion, stain resistance and resistance to humidity and paint bleed-through.

**Merco's M187 Blue Painter's Masking Tape** is ideal for use wherever masking is exposed to weather or out-of-doors conditions as well as interior masking of windows (where adhesive will be directly exposed to sunlight). Its compatible for use on glass, hardwood floors, lacquer or polyurethane-coated surfaces, unfinished wood and unpainted or freshly painted wallboard.

**Merco's M187 Blue Painter's Masking Tape** is stock on the floor in sizes from 12mm to 96mm wide, and available with a little machine time notice up to 12 inches wide. 24mm, 36mm and 48mm are available shrink wrapped and labeled.

<b>Tensile Strength</b>	20 lbs./inch width	<b>Elongation</b>	9%
<b>Adhesion to Steel</b>	21 oz./inch width	<b>Thickness</b>	5.6 mil

The end user is advised to test this (and all adhesive tape products) on a surface before use
